MALSKI REFERRAL NO.141 163 207- 222 239 269-281

THE OTHER FACE OF TERROR BY RAY HILL AND GERRY GABLE OF SEARCHLIGHT WHO GAVE THIS BOOK TO ST ALBANS DISTRICT COUNCIL AND THIS IS WHY THEY HAVE SINGLED ME OUT FOR 14 YEARS

Ray Hill has a criminal record but this is not mentioned in this book (details attached)

PAGE NO.	COMMENTS
141	He has lied, I did not support him
163	Lies, and I did not go with Ray Hill to that Meeting
207-222	Lies, I did not support him ref to the leadership and I did not form the NSAP and I did not say I had a stockpile of guns in the woods
208	Lies, I had never said that I had raided the TA Barracks and stole a quantity of guns and ammunition. I did not say that Special Branch had raided my house: it was a Police Insp John Reynolds of Sth Oxhey police station. I was not thrown out of the army for not coming up to scratch and I have never shown him or anyone how to convert a wrist watch to a timing device to make a bomb. I did not ask him to join and lead the NSAP as it was not for me to do so as the NSAP was only organised to write five magazine editions called the "European" which had no racial connotations
209	Samantha Flynn was just a person I got to know. It was Ray Hill who was conspiring with these terrorists, French and Spanish and I did not know where Flynn lived
210-214	It was Ray Hill who was associated with these terrorists, not me.
215	Lies, I have never met this man Oumow, no idea who he is
216	Lie, I did not say that to Ray Hill on the telephone, "to get someone to do the job" and "get two snipers on the roofs"
217	Lies, ref the detonators. I was not stopped going to France, I was with a Mr J Griggs, a businessman who met an associate from a boiler Company who gave us tickets to go to Jersey. Myself or Mr Griggs were not searched by Customs either going out or coming back. The Channel 4 documentary does not show me going in or leaving the public house. On the night of the show two reporters knocked on my door and explained that I would be on television that night. They stayed and agreed that this person was not me as he was being filmed from the back and smoking. I have never smoked
218	See Daily Mirror reference to this. I did not telephone Ray Hill and I did not go to Birmingham

219	Get the tapes
220	As 210,215 and 216. I did not go to WISE with Major Ian Souter-Clarence who was an Officer in the SAS
222	Lies. I do not know
239	I have never been involved with THE UNIT
269	There are no photographs of me with any of these terrorists in this book
270-271	As 210,215,216
272	Lies. See 208 re magazine
274	As 208. The gun that was found at John Deighton's house was a starting pistol. Ray Hill says that Malski has got a criminal conviction for an assault on a disabled Labour supporter. This is untrue
278	Lies
279	Lies. Same as 217

This book and abstracts were used in my Fish & Chip Shop claim, in my criminal conviction against Mrs Khan and in my eviction from 29 Lybury Lane Redbourn by Carol Hawkins and Monotaz Rahim. They called me "A dangerous person". See pink copies
